Resultat från officiella tollingprov med dummy i ett land redovisas på egen rad med ett -d efter landets beteckning, och med indrag i högerkanten. Om hundens högsta merit på prov med dummy är högre än motsvarande på prov med kallvilt redovisas båda.

- I Norge har dummy använts på samtliga Nkl-prov sedan 2018, och används på samtliga prov i alla klasser sedan 2024.
- I Belgien/Nederländerna används dummy på samtliga jaktprov utanför jaktsäsong, då lagstiftningen ej tillåter att vilt används under dessa perioder.
- I Danmark har dummy använts på tolling working tests sedan 2007. Från 2025 finns en koppling mellan working tests med dummy & tollingjaktprov med vilt. En hund med meriter från jaktprov kan starta i motsvarande klass på working test. En hund med meriter från working test kan starta i närmast lägre klass på jaktprov.
- I Tyskland kan tollingjaktprov genomföras på kallvilt eller dummy från 2025.)

Fet stil: hundar som tagit pris i Ökl.

Grön ruta: hunden har kvalificerat sig för start i högre klass på svenska tollingjaktprov.

Gul ruta: hunden har tagit pris i en högre klass på svenska tollingjaktprov.

Priser på svenska prov var 2007-2021: 1:a, 2:a, 3:a eller 0 pris. Fr.o.m. 2022 ändrat till: X = Excellent (=1:a), V = Very good (=2:a), G = Good (=3:a), N = Not sufficient (0 pris). Samma ändring gjordes fr.o.m. 2024 för de norska proven, och fr.o.m. 2025 för de danska proven.

Priser på belgiska/nederländska prov: U = Uitmuntend (1:a), Z = Zeer Goed (2:a), G = Goed (3:a), N = Niet gekwalificeerd (0), E = Eliminatie (0)

Sammanställningen av alla resultat från de officiella tollingjaktproven och de förekommande personuppgifterna motiveras av att samtliga våra jaktprov arrangeras till gagn för det löpande avelsarbetet inom vår ras.

All results from official tolling tests with dummies in a country is shown on a separate row marked with a -d, and with an indent in the right margin. If the dog has a higher merit in a test with dummies than in tests with cold game, both merits are shown.

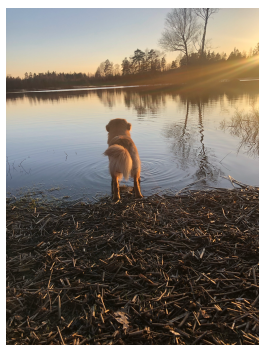

- In Norway all tests in beginner's class has been on dummy from 2018. Dummy is used in all classes from 2024.
- In Belgium/Netherlands dummy is used on all tests outside of the hunting season, as the laws only permit cold game during the hunting season.
- In Denmark there was a change from 2025, regarding results from tolling tests on cold game and tolling working tests on dummy. A dog with merits from tolling tests on game may enter in the same class at tolling working test. A dog with merits from tolling working tests may enter in the lower class on tolling tests.)
- In Germany tolling tests can be arranged on cold game or dummy from 2025.)

Bold text means the dog has a prize in Open Class or higher.

Green field means the dog has qualified for higher class in a Swedish tolling trial.

Yellow field means the dog has a prize in a higher class in Swedish tolling trials.

Prizes on Swedish tests were changed from 2022: X = Excellent (1st prize), V = Very good (2nd prize), G = Good (3rd prize), N = Not sufficient (no prize). **Prizes on Norwegian tests were changed from 2024:** same way as Swedish prizes. **Prizes on Danish tests were changed from 2025:** same way as Swedish prizes. **Prizes on tests in Belgium & Netherlands:** U = Uitmuntend (1st), Z = Zeer Goed (2nd), G = Goed (3rd), N = Niet gekwalificeerd (0), E = Eliminatie (0)

** När tollingjaktproven blev officiella i Sverige 2007 fanns i regelverket möjligheten för hundar, som t.ex. redan startat i inofficiella tollingprov, att starta direkt i Ökl. Det första året kunde även hundar som startat i Nkl flytta upp till Ökl, utan att ha tagit en 1:a. Efter beslut av SSRK Hs togs denna möjlighet att byta klass bort under 2008. / When official tolling trial rules were implemented in Sweden in 2007, dogs could start directly in Open class. It was also possible for a dog to move up to Open class without a 1st prize in Beginner's class. This possibility to move up to Open class was changed by SSRK in 2008.
